TRAINING OPPORTUNITY FOR SUPERINTENDENTS, BUSINESS MANAGERS, ENERGY MANAGERS, AND FACILITIES DIRECTORS

Minnesota Workshop on Improving Energy Performance in K-12 Schools

The Minnesota Department of Commerce, State Energy Office along with the U.S. Environmental Protection Agency (EPA), U.S. Dept. of Energy, Schools for Energy Efficiency™ (SEE) Program, Rebuild America, and Bishop Energy Engineering invite you to participate in a no-cost workshop on tools and financing methods to help your school district improve building energy management.

This workshop is tailored to help business managers, superintendents, energy managers, and facilities personnel to understand and improve energy performance.

This workshop will cover the following topics:

- How to achieve more efficient buildings with better working & learning environments.
- Resources & technical tools provided by ENERGY STAR, including ENERGY STAR benchmarking.
- Financing incentives and other funding opportunities available through the state of Minnesota.

Time and Location

Wednesday, April 27, 2005
8:30 am – 12:30 pm

Jimmy's Conference Center
3565 Labore Road
Vadnais Heights, MN 55110
